PARENT VOLUNTEERS/COACHES

This program will not function unless parents get involved. AYSA is looking for parent/coach volunteers. If you would be interested in learning more about coaching soccer or would be able to help as an assistant, please contact Cory Goetz at goetz.cory@gmail.com

REFEREES

AYSA uses certified referees and is in a great need of referees. If you are interested in certifying to become a paid referee, please contact Sarah Simerson at his email address sarcstone@gmail.com All teens and adults are encouraged to become certified.

EQUIPMENT/UNIFORMS

AYSA provides game jersey and shorts to keep. Players must provide their own shin guards (NOSCAE certified), red socks, and soccer shoes with non-detachable rubber cleats. Each player must have their own ball (Size 4 for U12 and younger, Size 5 for U13 and older.)

AYSA

The Austin Youth Soccer Association is dedicated to providing area youth the opportunity to play soccer at a higher competitive level than what they experience in the community programs. This traveling program is not a replacement for the YMCA or Park and Recreation programs. Teams play against other competitive club level teams in communities throughout southern Minnesota. This is a competitive program with heavy emphasis on skill development and game strategy. Austin Youth Soccer's goal is to promote a higher level of soccer skills and knowledge for the players, coaches and parents. For this reason, equal individual playing time is not assured at the older ages. Tryouts may be held for full teams.

GAMES

Games are normally scheduled on either Monday and Wednesday evenings or Tuesday and Thursday evenings, depending on the age group. Attendance at games is an important part of this program. It is the player's responsibility to make sure they have transportation to and from all games. Carpooling is encouraged for away games, and meeting times and locations will be arranged. Each team will play 8-12 games, usually one to two games per week starting the week of May 1st.

The traveling program is highly competitive and attendance at practices is required. Missing practice will affect the amount of playing time each participant has in a game. Practices will center around learning intermediate to advanced soccer skills. Players will also learn more about strategy and working together as a team. Practices may start in April, depending on the individual coaches.
